Bill Douros, Superintendent  
Stephanie Harlan, Sanctuary Advisory Council  
Monterey Bay National Sanctuary  
299 Foam Street  
Monterey, CA 93940

Dear Mr. Douros and Ms. Harlan:

I will be unable to attend your upcoming Sanctuary Advisory Council meeting. Therefore, I would like my voice heard regarding the possible expansion of the sanctuary border south of Cambria to include our coastline. I am **absolutely in favor of expanding the Sanctuary south of Cambria**. This discussion should be placed high on your priority list as I think it is of vital importance to the health of our oceans. Those who have been vocal up to now have not been representing the best interests of our community and have been passing out much misinformation. It is truly a disgrace that the City of Morro Bay is not in favor of this highly beneficial proposal. Moreover, I believe it is safe to say that the majority of area residents **are** in favor of this expansion, along with the discussion that needs to take place.

I respectfully request that copies of this letter are given to the Council members to help them know our wishes to expand your sanctuary south.

Sincerely,

Steve Crandall and Marian McGuire, 6735 Avila Valley Drive, San Luis Obispo, 93405
